

QUETZAL

The city of sacred birds

Author : Alexandre GARCIA

Illustrations : Nathalie LEHN

Contents : 1 game board, 5 big meeples, 30 meeples, 10 wooden discs, 75 artifact cards, 24 improvement tiles, 5 character tiles, 42 tokens, 8 solo cards, 1 Ship tile, 1 power tile, rules.

Quetzal, the city of sacred birds, has just been discovered. You have 5 days to explore the site and collect the most beautiful objects which are buried there. Will you be able to manage the team entrusted to you on a daily basis to optimize your excavations? Be smarter than the competition to emerge unscathed.

At the beginning of each turn, roll your Meeples and discover your team. Send your groups to different places in the city to collect the objects you are most interested in. Be careful, even if you arrive first your opponents can still steal your place! Build the best collection of objects and deliver them at the right time to earn improvements and victory points. Do you have the spirit of an expedition leader?

“ **Quetzal is a set collection game that offers a simple but innovative mechanism of workers placement. All players will enjoy the trip!** ”
